ARI-VED TECHNOLOGY PVT LTD

The Utility Management Company...

About us

- **Founded in 2018 and headquartered in Kolkata, West Bengal**, Ari-Ved Technology Pvt. Ltd. has successfully carved out its own niche in the field of **Industrial Utility Solutions** across a wide range of industries.
- **Our dedicated team** is driven by a passion for delivering cost-effective and efficient utility management solutions designed to reduce energy costs and minimize the overall carbon footprint. Our commitment to a greener environment motivates every member of the organization to work meticulously, ensuring that we always provide the best possible solutions for our clients.
- **In collaboration with global leaders** in the realm of **Air, Water, Steam, and Fire**, AVTPL offers comprehensive turnkey utility management solutions & services, beginning from the design phase to supply, execution, and implementation. Whether dealing with a greenfield project or a brownfield project, we provide optimal solutions that integrate various industrial utilities, tailored specifically to your industry and application needs.

Our core expertise

- **Total Compressed Air Solutions** (Air Compressor both Single Stage & Two Stage, Compressed Air Aluminium Piping for transmission & distribution line & pneumatic accessories)
- **Efficient HVAC / Utility Pumping & Chilled Water Solutions** (Sensorless Design Envelope VIL pumps, PHE & Chiller)
- **Fire (UL / FM Certified Pumps)** Fire pump & Fire line
- **Intelligent Steam Line Solutions** (Steam Traps, Condensate Recovery System, Isolation Valves, Pressure Reducing Station, Flow Meter, Flow Control Valve & other relevant accessories)
- **Vacuum Solutions** Vacuum pumps
- **Total Integration of all the above utilities including designing, implementations, installations & MRO.**
